Information to  
customers, suppliers and partners

Seeboden on 07/19/2023

**HPC Produktions GmbH**  
New Shareholders, New Company Name

Dear Sir/Madam,

we are pleased to inform you that HIRSCH Maschinenbau GmbH, a subsidiary of HIRSCH Servo AG based in Glanegg, Austria, has acquired 100% of the share capital of "HPC" Production GmbH from the Taiwanese Tongtai Group, effective June 30, 2023.

HELLMERICH remains your reliable partner in the traditional core business as a manufacturer of components for the global machine tool market, as well as the automotive and commercial vehicle industry. The integration into HIRSCH Servo AG now provides us with the opportunity to diversify into new business and technology areas within a dynamically growing, internationally operating corporate group ([www.hirsch-gruppe.com](http://www.hirsch-gruppe.com)) with its headquarters in Carinthia. This opens up interesting growth prospects for our location in Seeboden am Millstätter See, currently employing 75 people.

Furthermore, we have removed the special characters from our company name, and we will now operate under the name **HPC Produktions GmbH**.

Please update your master data accordingly.

The address data, contact details, commercial register number, VAT identification number, and bank details remain unchanged. Moreover, the change in the company name does not affect existing contractual relationships.

Your familiar contact persons remain unchanged and are available to assist you as usual.

Best regards  
HPC Produktions GmbH

Gunther Kranabether  
CEO
